EXPERIENCE

Emerging Digital Academy, Fargo, ND

Student Software Developer — June 2025 - January 2026

- Collaborated with Churches United, a Fargo-Moorhead nonprofit, to design and deliver a centralized reporting dashboard replacing manual spreadsheets — built with React, Node.js, Express, and PostgreSQL
- Built and deployed Prep & Preserve, a solo full-stack recipe app (React, Node.js, Express, PostgreSQL, Cloudinary) from concept to production on Fly.io within a four-week development cycle
- Developed across the full stack in a team environment using Git/GitHub for version control and collaborative workflows

Forum Communication Company, Fargo, ND

Creative Operations Supervisor — April 2020 - May 2025

- Led a team of 7 graphic designers
- Directly worked with Publishers, Ad Directors, & Prepress to design special section projects
- Served as primary point of contact for production issues between sales staff and design teams
- Worked with software companies to roll out new workflows, train staff, & attend monthly meetings to discuss software improvements & issues
- Collaborated with IT to develop InDesign scripts that improved workflow efficiency
- Managed delegated support emails & group chat rooms
- Monitored print & project deadlines

Creative Service Special Section Manager — May 2019 - April 2020

- Created and launched a new specialized department
- Created workflow & scheduling system, & managed roughly 40 special section projects per month
- Pre-flight final designs to print specs before sending to the press

Regional Creative Manager — June 2017 - May 2019

- Managed a team of 17 graphic designers across ND & MN
- Generated performance reports, tracked employee benchmarks, & conducted monthly one-on-one meetings.
- Managed ad pagination in DTI to structure page layouts, enabling design teams to execute pages concurrently and maintain production deadlines

Administrative Assistant/Graphic Artist — Sept 2013 - June 2017

- Designed print ads & digital ads
- Generated daily reports & emailed sales reps with outstanding ads
- Monitored Ad Traffic email box, answering any questions the sales staff or designers might have

Best Buy, Fargo, N.D.

Consultation Agent — August 2012 - November 2013

- Diagnosed hardware and software issues for clients, recommending solutions and explaining technical concepts in plain language
- Assisted customers with product returns, exchanges, and post-service walkthroughs
- Provided post-service walkthroughs and assisted with returns and exchanges, ensuring a positive customer experience
